

## Immense chopping output.

Our many years of experience and professionalism in cutterbar design ensure the perfect interplay of all components. The meticulous selection of materials together with precision manufacturing to CLAAS specifications deliver exceptional chopping results every time.

### Your benefits:

- Precise coordination

## High operational reliability.

Minimal material and manufacturing tolerances ensure a uniform and precise cut across the entire cutterbar width, even under adverse harvesting conditions.

### Your benefits:

- Extended use

## High-quality manufacture.

The selection of steel grades heat-treated and induction-hardened to precise CLAAS specifications ensures that ORIGINAL blades demonstrate an optimal combination of essential properties.

### Your benefits:

- Excellent chopping output
- Optimal service life
- High tolerance to foreign objects

## Custom-made.

CLAAS ORIGINAL parts are precision-manufactured, high-quality series components for CLAAS machines.

## Dependable.

CLAAS ORIGINAL parts have a longer life cycle and protect the machine from mechanical failure.

## Efficient.

CLAAS ORIGINAL parts are renowned for their high cost-effectiveness, and quality that pays off.

## Why CLAAS ORIGINAL blades?

ORIGINAL blades have proven their worth and market viability on countless occasions. The high-precision manufacture and consistent high quality of our blades deliver a precise and uniform chop quality in the harvest. ORIGINAL blades are heat-treated and additionally induction-hardened to strict CLAAS specifications. The result is a blade that slices effortlessly through the crop with absolute efficiency and reliability, even under adverse harvesting conditions.

The perfect coordination of components in the chopping system enables the cutterbar to deliver maximum output. ORIGINAL blades offer you:

- Excellent chopping output
- High tolerance to foreign objects
- Optimal service life
- Precision coordination

ORIGINAL parts offer you more than just the right dimensions. The materials and manufacturing methods we use are fundamental to the reliability and long service life of our machines.

Our ORIGINAL parts are manufactured from materials of an exceptionally high quality and to precise CLAAS specifications on the basis of proven CLAAS expert knowledge. Each and every part is tailored to the machine as a whole.

### CLAAS ORIGINAL parts.

Custom-made. Dependable. Efficient.
